The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single difference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should preferably be employed.

Predictions On The Basis of Planet Positions

Ascendent Result

Your Ascendant is Cancer. Your Ascendant-lord is the Moon, which is the super-benefic planet in your chart. For being the lord of an angle and a trine both, Mars happens to be the 'yoga-karaka' planet in your chart and is a benefit-giving planet for you.

Moon in sign Aquarius may cause disorders in the stomach, for which you are likely to have emaciated appearance. Unless the Moon is involved in some good yoga with other planet(s), you may acquire an unstable disposition and have association with undesirable people. However, if a good yoga is present, then you will have strong curiosities and will be engrossed in deep studies; your associates will hold you in high esteem for your inventive genius, humanitarian spirit, meritorious deeds and praiseworthy actions.

Rahu

In your chart, Rahu is placed in sign Pisces. You will enjoy material benefits if Jupiter or Mars or Saturn is also well-placed; you will do well if Venus is with it or Mercury aspects it. If the Moon is placed here, then you may have good gains from the products of water. If the Sun is situated here, then you might be flat-footed or may suffer from some disease affecting your feet. If Rahu is alone and both of Jupiter and Mercury are not well-placed, then you might be prone to suffer from water-borne diseases.

Ketu

In your chart, Ketu is placed in sign Virgo. You will enjoy material benefits if Jupiter or Mars or Saturn is also well-placed; you will do well if Mercury is with it or Venus aspects it. If the Moon is placed here, then you may have good gains from the products of water. If the Sun is situated here, then you may suffer from some disease affecting the region of your belly (or uterus, if female). If Ketu is associated with or aspected by malefic planet(s) while neither Jupiter nor Mercury is well-placed, then you might be prone to suffer from some wasting disease; if Mars aspects it, then the condition may become aggravated.

Uranus

In your chart, Uranus is placed in sign Virgo. You will tend to become worried or upset rather easily and may have the habit of twitching of the eyes or of running fingers through the hair. You may frequently lose patience with others who might refuse to adhere to instructions and routine. You should start viewing the world through other people's eyes.

Neptune

If Neptune is associated with or aspected by Jupiter or Venus, then your psychic capacity might be more accentuated and you may possess the ability of divination and foretelling. If Neptune is afflicted by malefic planet(s), then you may have coarse features with your sensuous side intensified. You may become jealous and may have a nasty temper.

Pluto

In your chart, Pluto is placed in sign Leo. It will endow you with a good nature, even temper and better understanding of people in general, specially of children. If the Sun is well-placed, then you will have a dignified and courtly appearance, with a partially florid complexion. If Venus or Mercury is in trine or sextile, then the artistic or intellectual qualities will be accentuated. If Mars or Ketu is in square or conjunction, then you may become a dare-devil and may actively take part in cruel or violent deeds.

Prediction On The Basis of Bhavas

Ascendant Lord

In your chart, the Ascendant-lord is situated in the eighth house, which is called the house of longevity (Ayus). Besides, it governs over inheritance and, in case of female natives, it rules over 'mangalya' or well-being in marriage. If this house bears any affliction, then the results obtained from this house are : darkness, dirt, impurity, obstacles, scandal, insult, defeat, etc. If modifying influences are not present in your chart, then you may have to face some problems from one or more such sources. If your Ascendant is Aries, Libra or Sagittarius, then you will be fortunate in respect of the 8th house affairs as your Ascendant-lord will be in own house or exalted, will give rise to auspicious yoga and will make you fortunate in respect of inheritance and also for receiving big sums as loans from financial institutions. Otherwise, this is not a very beneficial position; if Mars or Ketu is also situated in the 8th with the Ascendant-lord, then possibility of facing accidental mishaps, undergoing surgical treatment or facing problems owing to the actions of ruffian people are feared. You should try to avoid law-suits at all costs. If a natural benefic planet is situated in or is aspecting this house, then the position becomes much improved.

Lord of 2nd House

In your chart, the second-lord is situated in the second house itself, which is called the house of wealth (Dhana). This is a highly favourable 'Dhana Yoga' combination and you will be very fortunate in respect of all favourable 2nd house attributes : wealth, family, speech, education, property, food and drink, enjoyments, etc. This combination specially favours the health and well-being of your spouse also. If the Ascendant-lord is also situated in the 2nd house or if a natural benefic planet is either associated with the 2nd-lord or aspects it, then the beneficence of the wealth-giving 2nd-lord becomes much more; If Jupiter or Venus is situated with the 2nd-lord, it makes one highly fortunate. If the 2nd-lord is neither associated with nor aspected by a natural malefic planets, it gives wealth in abundance through honest means. If Saturn or Ketu is situated close to the 2nd-lord, then it might cause squeezing of the inflow of earnings and may create quarrels and misunderstandings among the family-members; if Mars or Rahu is situated close to the 2nd-lord, then it can give wide fluctuations. If a 'combust' or "eclipsed" planet is situated in the 2nd house, then it indicates disease affecting the body-part denoted by the sign it is in.

Lord of 3rd House

In your chart, the third-lord is situated in the third house itself, which is called the house of courage (Vikrama). Besides courage, valour, prowess, etc this house also rules over right ear, arms, shoulders, (younger) siblings, cousins, kindred, neighbours, short journeys, news, correspondence/communications, writings, etc. It will make you fortunate in respect of most of the 3rd house indications -- more so if the Ascendant-lord is in the 3rd house or if it aspects the 3rd house or if a natural benefic planet is situated in the 3rd house or aspects it. If a natural malefic planet (who is neither exalted nor in own house) is situated in the 3rd, it will make you very courageous but it affects the health and well-being of the younger co-borns. If a natural benefic planet is associated with the 3rd-lord or aspects it, you will be very fortunate in respect of having co-borns and it will make the relationships with the kindred very cordial but if a natural malefic planet is associated with the 3rd-lord or aspects it, the relationships with the co-borns and also with the kindred may not be very cordial; if malefic influences are more, the relationships may become spoilt and you may have separation from your co-borns/ kindred. If the 3rd-lord is weaker than the 8th-lord, then it is an assurance of having a good longevity and possibility of facing accidents will be less.

Lord of 4th House

In your chart, the fourth-lord is situated in the third house, which is called the house of courage (Vikrama). This is not a very favourable position and it offers mixed influences. If the Moon is ill-placed, your mother may not be in good health; if Mars is ill-placed, you may lose part of your property. However, if a natural benefic planet is either situated in the 4th house or aspects it, then the things will be considerably improved. If the 4th-lord is a natural benefic planet, then it will make

you fortunate in respect of your younger co-borns but if it is a natural malefic planet, then the results will be just the opposite -- although it will make you bold and active. If a natural benefic planet is situated in the 3rd house or aspects it, you will have peace and satisfaction; you will also receive assistance and support from your cousins, kindred and neighbours but if it is influenced by a natural malefic planet, then you may have no peace and satisfaction. The 4th-lord situated in the 3rd gives many and frequent short-distance to-and-fro journeys. So, your profession may have something to do with travelling and you may do well in sales/ marketing, transport, tourism, etc. As the 4th signifies books while the 3rd indicates printing, you may own a Press.

Lord of 5th House

In your chart, the fifth-lord is situated in the Ascendant, which is called the house of body (Tanu). The 5th indicates purva-punya, grand-father, merit, intelligence, rank, own children, etc.; you will be fortunate in many such respects. You will be intelligent and meritorious, acquire good education and occupy a position of rank; you are likely to be in service -- more so if the Sun is well-placed. If Mercury is well-placed, then you will have much of interest in speculative investments and if Venus is well-placed, the entertainment fields might attract you. In your childhood you will be very dear to your grand-father and when grown up, you will have dutiful children -- more so if Jupiter is also well-placed. If your Ascendant is Aries or Libra, then the 5th-lord will be exalted in the Ascendant and you will be highly fortunate; if Mercury is also well-placed, you will have excellent education -- which is likely to be 'application-oriented'. But if your Ascendant is Cancer, then the 5th-lord will become debilitated in the Ascendant; although this position favours material prosperity, you may have some health-problems and may become unhappy on account of your children. You may have to leave your home and go to a distant place for earning your livelihood; you may have job-changes a few times which may occur very suddenly.

Lord of 6th House

In your chart, the sixth-lord is situated in the second house, which is called the house of wealth (Dhana). The position is favourable if the 2nd-lord is well-placed or if a natural benefic planet is situated in the 2nd house or aspects it. You may secure a lucrative employment in a big organization and will have cordial relationships with your relatives -- particularly, with maternal ones. This combination may help you to secure employment in a financial institution if the 10th-lord or Jupiter is also well-placed. If the 7th-lord is well-placed and a natural benefic planet is in the 2nd house, you may be in business. As the 6th is the 10th from the 9th while the 2nd is the 6th from the 9th, your father might be or have been in lucrative employment as well. As the 6th is the 12th from the 7th, you may have gains from your spouse or from business-partner -- if any. Since the 6th is the 2nd from the 5th, your children may assist you to increase your family wealth. However, if the 2nd-lord is ill-placed or if a natural malefic planet is situated in the 2nd or aspects it, then your family-members may suffer from diseases and your inimical relatives might cause you troubles. In addition, if the 6th-lord is a natural malefic planet and if the Sun or the Moon is ill-placed, then you may have defective eye-sight, wear specs., and your speech may become somewhat indistinct.

Lord of 7th House

In your chart, the seventh-lord is situated in the tenth house, which is called the house of profession (Karma). It indicates that you will be an active person and you will be fortunate in respect of your profession; you may run your own business or may be well-placed in a big and reputed organization. If your Ascendant is either Cancer or Libra, then the 7th-lord will become debilitated in the 10th; if the 10th-lord is also ill-placed and if neither Jupiter nor Venus is situated with it or aspects it, you may not do well in your sphere of profession and you may become a victim of slander and disrepute. However, if your Ascendant is Gemini, then the 7th-lord will become in own-house in the 10th while if your Ascendant is Sagittarius, then the 7th-lord will become exalted in the 10th; in such cases, you will become very happy as you will enjoy beneficial results of auspicious 'Pancha Maha-purusha Yoga' and will become well-settled in life. Your life-partner might hail from your sphere of profession and/ or she/ he would work in double harness and will actively assist you for fulfilling your aspirations. If Mars or the Sun is also in the 10th, then you will secure a powerful position as the planet will gain directional strength. If a natural benefic is in the 10th or aspects it, you will be a purposeful and praiseworthy person. You may understand human nature very well, may do well in

marketing and shine forth as an efficient negotiator.

Lord of 8th House

In your chart, the eighth-lord is situated in the tenth house, which is called the house of profession (Karma). As the 8th-lord indicates obstructions and untoward happenings, you may have changes in profession or transfers a few times and may even opt for seeking premature retirement. However, since the 8th is the 11th from the 10th and the 10th from the 11th, you will have very good earnings from your profession. Since the 10th house rules over one's credibility, honour, etc., if your 10th-lord is not well-placed and if a natural malefic planet is either situated in the 10th house or aspects it, you may run the risk of becoming a victim of slander or disrepute. If your profession is likely to have some connection with the 8th house significations like insurance, provident-fund, taxes, etc and you may do well as a surveyor/ value and loss assessor, an industrial consultant or a financial advisor, etc. As the 8th house governs over defence establishments, you may work in or may have good gains from such places -- more so if Mars is also well-disposed. As the 8th has connection with criminal proceedings and forensic procedures, your job may have connection with these lines too. As a broker/ agent also, you may earn very good profits.

Lord of 9th House

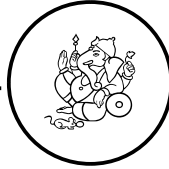

In your chart, the ninth-lord is situated in the Ascendant, which is called the house of body (Tanu). As the 9th house indicates fortune, you will be exceedingly fortunate. If your Ascendant is Taurus as the 9th-lord will become the 10th-lord also and will shower material benefits throughout life. But if your Ascendant is Scorpio, then you may get just the opposite result since the 9th-lord will be debilitated. Your father may reside in a distant place or a foreign country; alternatively, his profession may have some connection with diplomatic service. You might have been born in a foreign country or a distant place or may go there in your early childhood, stay for a long duration and receive high education. If the Ascendant-lord or the 5th-lord or the 10th-lord is well-placed or if a natural benefic planet is situated in or aspect any of these houses, then you are sure to rise to a higher station in life. If your Ascendant is Scorpio or Pisces and if your Ascendant-lord is in the 5th, as the Ascendant-lord will be exalted, you will be religious-minded, lead a saintly life and will tour round the world many times over on a cultural or religious errand. If the Sun or Mars is situated in the 10th, your name and fame will be widespread and you will receive state-honour. If Saturn or Rahu is in the 7th, then you will become renowned for your abstruse policies.

Lord of 10th House

In your chart, the tenth-lord is situated in the Ascendant, which is called the house of body (Tanu). This is a highly fortunate combination as you will be a very active person and will be very fortunate in respect of your profession. This will be more so if your Ascendant is Virgo as the 10th-lord will be exalted in the Ascendant and if your Ascendant is Pisces, then the 10th-lord will be in own-house in the Ascendant; you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga' in such cases. However, if your Ascendant is Aries or Cancer, then the 10th-lord will be debilitated in the Ascendant and unless the Ascendant-lord is well-placed, or a natural benefic planet is situated in or aspects the 10th-house, you may not be fortunate in respect of profession -- this will be more so for Aries Ascendant as Saturn will act as the obstructor (badhaka), it's aspect on the 10th house may create many obstacles in the sphere of profession and for Aries Ascendant, Jupiter will not be benefit-giving in the 10th as it will be debilitated. For all Ascendants, if the Sun or Mars is situated in the 10th, then highly beneficial results will be enjoyed as the planet will acquire directional strength (Dik Bala) -- this will be more so for Aries Ascendant as the Ascendant-lord will be exalted in the 10th. For all Ascendants, if the Ascendant-lord is also placed in the 10th or if a benefic planet is situated in or aspects the 10th house, highly favourable results are expected.

Lord of 11th House

In your chart, the eleventh-lord is situated in the third house, which is called the house of courage (Vikrama). For receiving assistance and support from relatives and friends and also for having good gains from various sources, the position is good -- more so if the 3rd-lord is also well-placed or if a natural benefic planet is situated in the 3rd house or aspects it. As the 11th indicates earnings, your

source of earnings will come under 3rd house indications like news-paper, press/ printing, writing/ editing, translating, etc. As the 3rd signifies the inner mind while the 11th rules over likes and dislikes, you may be much interested in writing, sending letters/ messages through postal/ courier service, enjoy telephonic conversations and frequent short journeys. If a natural malefic planet is situated in the 11th house or aspects it, your earnings might fluctuate widely between extremes and some of your associates may not be fully trustworthy -- more so if either Ketu or Saturn is situated with the 3rd-lord and you yourself may become a person of flexible principles. If the 3rd-lord is well-placed or if Jupiter or Venus is situated in the 3rd house or aspects it, then you may have many younger co-borns and be in cordial terms with them but if the 3rd-lord is ill-placed or if a natural malefic planet is in the 3rd or aspects it, then you may not have happiness from younger co-borns; besides, you may not be in very good terms with your relatives and neighbours.

Lord of 12th House

In your chart, the twelfth-lord is situated in the third house, which is called the house of courage (Vikrama). As the 3rd house rules over the lower mind, you may have a passionate nature and have a deep-seated desire for having intimacy with the members of the opposite sex. Alternatively, you may have a dreamy nature and may have a fertile imagination; besides, you may have deep interest in the occult or mystic subjects. Since the 3rd house rules over younger co-borns and kindred, you may not be in very cordial terms with them or you may have to stay away from them as you might reside in a distant place. If your Ascendant is Scorpio or Aquarius or Cancer or Capricorn, then you will have favourable results as the 3rd-lord will be exalted or in own-house in the 12th. As the 3rd house rules over changes and the 12th is the 3rd from the 10th, you may have change of profession a few times or you may have a transferable job; you may have many journeys to distant inland places in connection with your profession -- more so if a natural benefic planet is situated in or aspects the 3rd house and the 12th house is also similarly disposed; but if a natural malefic planet is situated in or aspects the 12th house and the 3rd house is also similarly disposed, then you may face traffic accidents a few times for which you may become bed-ridden for long and may even need hospitalization; your younger co-born may also need hospitalization during some time.

Results for Planets in Houses

Sun

Since the Sun is situated in your 2nd house, you will receive favours from your superiors, benefits from government sources and through your association with the people of rank and status. If a natural benefic planet is also in the 2nd or aspects it, you will have good gains and lead a happy family life; but if a natural malefic planet is also in the 2nd or aspects it, then the results will be the opposite. If a "combust" planet is in the 2nd, then you may suffer from some disease, your speech may become harsh and you may quarrel with your family-members. If your Ascendant is Pisces, the Sun will be exalted and, as the 5th-lord in the 2nd, it will offer auspicious 'Dhana Yoga' results; you will earn well from speculative investments and will be fortunate in respect of your family and children. If your Ascendant is Cancer, then the Sun will be in own-house and will make you fortunate in respect of family and wealth. If your Ascendant is any other, then you may have some problems with your eye-sight. If your Ascendant is Virgo, the Sun will be debilitated and, as the 12th-lord in the 2nd, it will offer inauspicious 'Dainya Yoga' results; if Venus is not well-placed, then you may have to meet with heavy wasteful expenditures and may even incur big losses.

Mercury

Since Mercury is situated in your 3rd house, you will have a very restless and an incessantly active, busy mind. You will be an avid reader and gather knowledge and information about various useful branches of science. You will be an accomplished person and will be well refined in your taste; you might be well versed in classic and contemporary literature as well. Your profession might involve much writing; otherwise, you will pick up a hobby which will offer immense scope and opportunity. Although you may not be very patient, you will have the unique ability to get at the root of things

pretty quickly. You will have many journeys to short-distance places which will bear fruit. You will have many friends everywhere. If your Ascendant is Aries or Cancer, as Mercury will be in own house or exalted, you will become very happy in respect of your younger co-borns and you would do well in academic and intellectual pursuits -- more so if Jupiter is with it or aspects it. But if your Ascendant is Capricorn, as it will be debilitated, the opposite may happen unless Jupiter is well-placed; besides you may face some problems during journeys.

Venus

Since Venus is situated in your 3rd house, you will have a joyous spirit and a very much 'loving and giving' nature. You will be exceedingly fortunate in matters of love and affection, the relationship among family members will ever remain very peaceful and your spouse will be dearer than your life. You will have a amiable disposition, bright and fruitful intellect and a strong inclination for fine arts. You may have some success in your pursuit of poetry, music, singing or painting. You will enjoy pleasant travellings. If the Moon is in the Ascendant or in the 5th, you may have one or more costly and prestigious vehicles. If your Ascendant is Leo or Capricorn or Pisces, as Venus will be exalted or in own house, you will become very happy in respect of your younger co-borns and you may have good progress in artistic pursuits -- more so if a natural benefic planet is with it or aspects it. But if your Ascendant happens to be Cancer, as it will be debilitated, you may experience just the opposite results -- unless Mercury or the Moon is fairly well-placed. If your Ascendant is Capricorn while your Moon-sign is Taurus, or if your Ascendant is Pisces while the Moon-sign is Cancer, then you will be rolling in wealth and will have many prestigious vehicles.

Mars

Since Mars is situated in your Ascendant, it will give you a bold attitude and a free, independent nature. You may be somewhat proud or even haughty and fond of competition or strife. You will always be scorning defeat and will be reckless of danger. You may have cuts, burns, scalds or abrasions and may have a distinctive mark on your head or face. If the Ascendant-lord is exalted or in own house, you will be a very active person and have a practical outlook. If Mars is afflicted by the association or aspect of a natural malefic planet, then you might be vainglorious or argumentative. If your Ascendant is Aries or Scorpio or Capricorn, then you will be more fortunate as it will be in own house or exalted and you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'; if your Ascendant is Cancer, then debilitated Mars would create health-problems and you may have set-backs in profession; but if the Moon is well-placed or if a natural benefic planet is with it or aspects it, then you would be well-placed in service. If the Moon is with it, then you will enjoy 'Chandra-Mangala Yoga' and will become very rich. If Rahu or Ketu is close to it, then you may have a violent temper and your married life might be like sailing through the stormy seas.

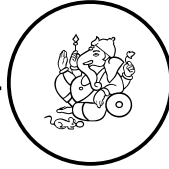

Jupiter

Since Jupiter, the best of the natural benefic planets, is situated in your 2nd house, you will be very fortunate in respect of family, health, wealth, profession and longevity. You will have impressive looks and agreeable speech, have gains from various sources, lead a prosperous life and your possessions will increase. This will be more so if your Ascendant is Gemini as Jupiter will be exalted in the 2nd; if your Ascendant is Scorpio or Aquarius, Jupiter will be in own-house in 2nd and it will offer the auspicious results of 'Dhana Yoga' for it's other lordship. If your Ascendant is Leo, then the 5th-lord Jupiter aspecting the 10th will make you a person of rank and your reputation will remain un-sullied for ever. If your Ascendant is Sagittarius, then although Jupiter will be debilitated in the 2nd, by virtue of obtaining cancellation of debility (neecha-bhanga), it will make you rich. If Jupiter is with the Moon or aspects it, then you will be fortunate in many respects, enjoy divine protection and rise to a higher station in life.

As Jupiter will aspect the 6th- and the 10th-houses, you will remain in good health and will be very fortunate in respect of your profession -- more so if it is with the 6th-/ 10th-lord or aspects either or both. If it is with Mercury or aspects it, then you will have good education and have proficiency in many languages.

Saturn

Since Saturn is situated in your 10th house, you will be fortunate in respect of your profession

provided that your Ascendant is Aries or Taurus or Capricorn as Saturn will be in own house or exalted and you will enjoy the beneficial results of 'Pancha Maha-purusha Yoga'. However, Saturn in such a position should not be retrograde or combust or eclipsed or involved in planetary fight (graha-yuddha). This very position of Saturn had become proverbial and it is greatly feared that it would surely lead to abysmal fall after pulling one to a great height of power and glory; but that is true if it is retrograde or afflicted but if the 10th-lord is well-placed or if Jupiter or Venus is situated with it or aspects it, the results get considerably modified for the better. But if your Ascendant is Cancer, then the debilitated 8th-lord in the 10th can give you jobs in private organisations which may not be long-lasting -- this will be more so if Mars is also not well-placed in your chart. Instead of displaying pride and arrogance, you should cultivate patience and firmness of purpose should mark your life. If in business, you may suddenly incur heavy losses; if in profession, you may have failure and dishonour while in contests or conflicts, you may have defeat; but if you are guided and guarded by caution, patience and perseverance, then you may still come up in life again.

Moon

Since the Moon is situated in your 8th house, you will have a smiling disposition and will be endowed with pleasing manners -- more so if the Moon is 'waxing'. If your Ascendant is Libra, then the Moon will be exalted in the 8th and will give you a long lease of life; if your Ascendant is Sagittarius, then the Moon in own-house will also give the same result. But if the Moon is either close to the 8th-cusp or if a natural malefic planet is situated close to the Moon -- unless there is any modifying combination present in your chart -- in case if you are male, the possibility of facing some serious accidental mishap is feared which might even cut your life short while if you are a female, the health and longevity of your spouse may come under doubt. If your Ascendant is Aries, then the Moon will be debilitated in the 8th and if Mars is not well-placed while no natural benefic planet is with the Moon or aspects it, then there is great risk of drowning. If Ketu is close to the Moon, you may have to undergo a major surgical treatment; if Rahu is close, then you may have fear from poison; if Saturn is close, then you may have fear of fall while if Mars is close, then you may have fear from weapon or fire. The Moon in the 8th gives the 'end' in a public place.

Rahu

Since Rahu is situated in your 9th house, you will be fortunate if your Ascendant is Taurus or Gemini or Virgo or Capricorn, or if the 9th-lord is well-placed, or if Rahu is either associated with or aspected by a natural benefic planet. But if your Ascendant is Pisces, then you may not be fortunate in respect of all affairs in general -- unless Mars is well-placed in your chart. If the Sun is not well-placed, then your father might lose his fortune and become distressed during sometime in your early life. If the Moon is well-placed and the 6th-lord is situated in the 4th or the 5th, then you may have medical education but if the Moon is weak and a natural malefic planet is situated in the 6th or aspects it, then you may suffer from some disease which would be difficult to diagnose and will tend to aggravate intermittently. If Rahu is associated with or aspected by the Sun or Jupiter, you will be religious-minded but if it is associated with or aspected by Mars or Saturn, then you might be quite un-orthodox in your beliefs and may prefer the company of people of different community or religion and gradually acquire their habits which will be the cause of some concern to your relatives or friends. You are likely to opt for a self-selected life-companion.

Ketu

Since Ketu is situated in your 3rd house, it will make you bold and courageous but it can give a somewhat fault-finding and quarrelsome nature; you should try your level best for avoiding this undesirable tendency or you may gradually lose your popularity. This position is not favourable for health and well-being of your next younger co-born. If the Moon is also situated in the 3rd house, the physical or mental health of your mother may cause you some concern but if Mars is situated there, then you may have an ungovernable temper and may have some problem from fire and poisonous drugs or corrosive chemicals.

If Ketu is situated in the own star or that of Jupiter, then you will have religious inclinations but if it is situated in the star of another retrograde malefic planet, then you may be prone to face accidental mishaps; if Ketu is situated in Rahu's star, then you might have serious problems with some undesirable characters.

Uranus

Since Uranus is situated in your 3rd house, although you will be very curious and inventive, you are likely to have a sort of wayward mind; you may have unpopular ideas and unusual views. While your views and opinions may attract bitter and severe criticism from various quarters, your eccentric ways may antagonize your kindred and you might have to be estranged from them. Cosmology, meteorology and pneumatics, etc might be of great interest to you; alternately, you may have some connection with utility services where application of latest technology is involved (like water-works, pollution control, etc). If Uranus is retrograde or if Mars or Saturn is with it or aspects it, then you should remain careful while near the moving part of an electrically operated machine/ equipment in operation as you might receive injuries owing to absent-mindedness; this thing is more feared if Uranus or the afflicting planet is situated in a movable sign (Aries, Cancer, Libra or Capricorn). If Ketu or Mars is too close to it, then chance of getting electric shock is feared. However, if the 3rd-lord is strong or if Uranus is with a natural benefic planet or is aspected by it, then the chances of receiving sudden and unexpected injuries will naturally be very remote.

Neptune

Since Neptune is situated in your 5th house, you may have a sensuous nature and disposed to chaotic or unnatural acts which may lead you to troubles in love-affairs; you may even be tempted to get into illicit amours which may lead you to face critical situations. However, if the 5th-lord is well-placed or if a natural benefic planet is with it or aspects it, then the situation will be considerably improved; but if the 5th-lord is ill-placed or if a natural malefic planet is with it or aspects it, then you may have some depraved desires, fantastic appetites and licentious habits; if the 8th and/ or the 12th houses bear the influences of natural malefic planets, then you might face the inevitable which had been lurking behind you since long.

Pluto

Since Pluto is situated in your 2nd house, money will be the focal point in your life; you may effectively utilize your personal magnetism to gain control over other people's money by dint of your financial activities. But you must remain very careful and cautious as when your hopes and aspirations would seem to have been realized, you might be blown off your feet through extreme fluctuations and unexpected losses arising suddenly from unforeseen causes. However, things will be improved if the 2nd-lord is well-placed or if Jupiter or Venus is with it or aspects it; but if a natural malefic planet like Uranus, Saturn or Ketu is also with it, then the situation might only worsen and may go totally out of control. If Mars is with it or aspects it, then your younger brother may have an adventurous nature and bullying habits. Pluto in this position may give rise to physical discomforts or diseases -- if a planet is situated too close to it. If it is close to the Sun, then you may suffer from pyorrhea, goitre, disorder of the thyroid gland, etc; if to the Moon, then you may have hallucinations and obsessions; if to Mercury, then you may suffer from hearing problems or skin complaints and if to Venus, then you may have odourous feet or warts on them.
